mhmedical.com

AccessMedicine® is an acclaimed online medical resource that provides a complete spectrum of trusted, continuously updated content in a variety of formats—compiled from the best minds in medicine.

AccessMedicine® provides medical students with the tools they need to excel in basic and advanced studies, clerkships, and crucial test prep; it helps residents, nurse practitioners, and physician assistants with interactive content, self-assessment, and leading medical texts to enhance decision-making at the point-of-care; and allows practicing physicians to brush up on their medical knowledge to ensure the best patient outcomes.

The platform features:

- ▶ A constantly updated collection of 130+ texts by the most trusted names in medicine, including the latest editions of the landmark *Harrison's Principles of Internal Medicine*, *Current Medical Diagnosis & Treatment*, *Graber & Wilbur's Family Medicine*, *LANGE Basic & Clinical* series, *Goodman & Gilman's: Pharmacological Basis of Therapeutics*, *Fitzpatrick's Dermatology*, and more.
- ▶ An extensive multimedia collection of examination and procedural videos, patient safety modules, audio files, and animations that supplement our authoritative texts by simplifying complex subjects. These assets illustrate fundamental medical concepts drawn from the world's most trusted medical textbooks, including *Harrison's Principles of Internal Medicine*.
- ▶ Comprehensive test prep and self-assessment tools including 11,000+ Q&As. Features *Harrison's Self-Assessment and Board Review*, *Graber and Wilbur's Family Medicine Examination & Board Review*, and the *LANGE* collection of titles.
- ▶ A wide variety of quick reference tools for when you need accurate information, fast, including *QMDT*, *Guide to Diagnostic Tests*, *Current Practice Guidelines in Primary Care*, Inpatient and Outpatient guidelines, and more.
- ▶ More than 900+ cases to help learners think critically and master clinical application of knowledge with real-world scenarios. Includes selections from our *Case Files®* series and the new Vanderbilt Internal Medicine and Pediatrics Curriculum (VIMPC).

ACCESS Anesthesiology

This extensive online medical resource is devoted to the study, instruction, and practice of anesthesiology. With an institutional subscription, residents, CRNA students, instructors, and clinicians have access to:
